Billing Forecast

User Guidance

A concise step-by-step guide for milestone planning, forecast tracking, invoice detail entry, and achieved reporting.

Module	Billing Forecast
Key Areas	Milestone Planning • Forecast Tracker • Achieved Report
Audience	Billing Forecast users

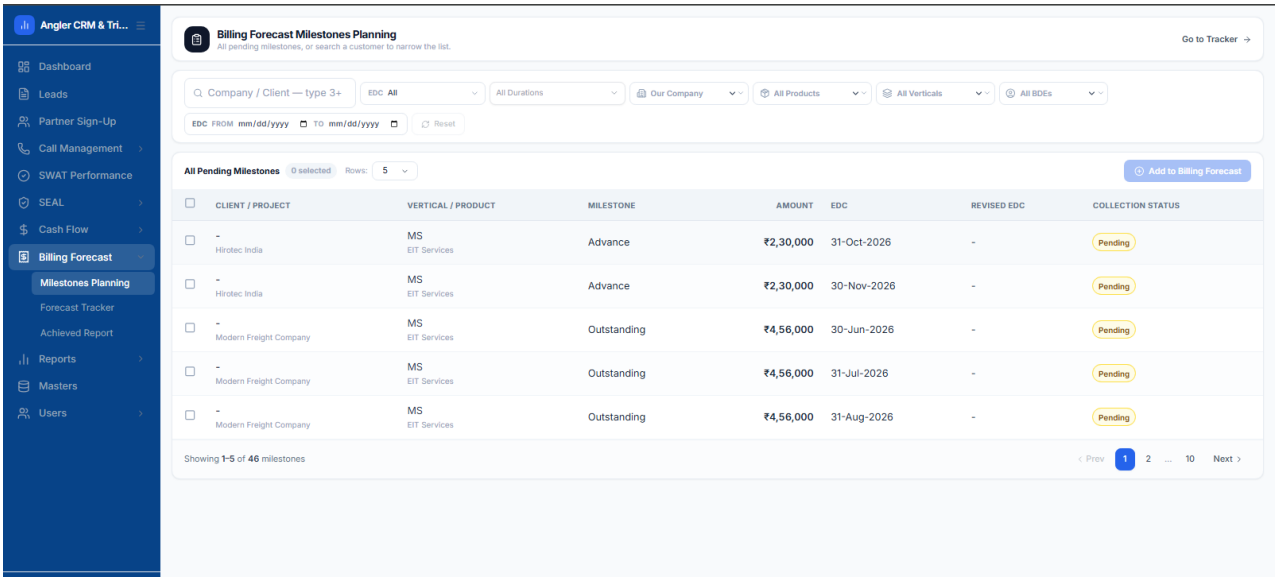

Document purpose
This guide explains the Billing Forecast workflow using the terminology and screens provided in the supplied user guidance.

1. Milestone Planning

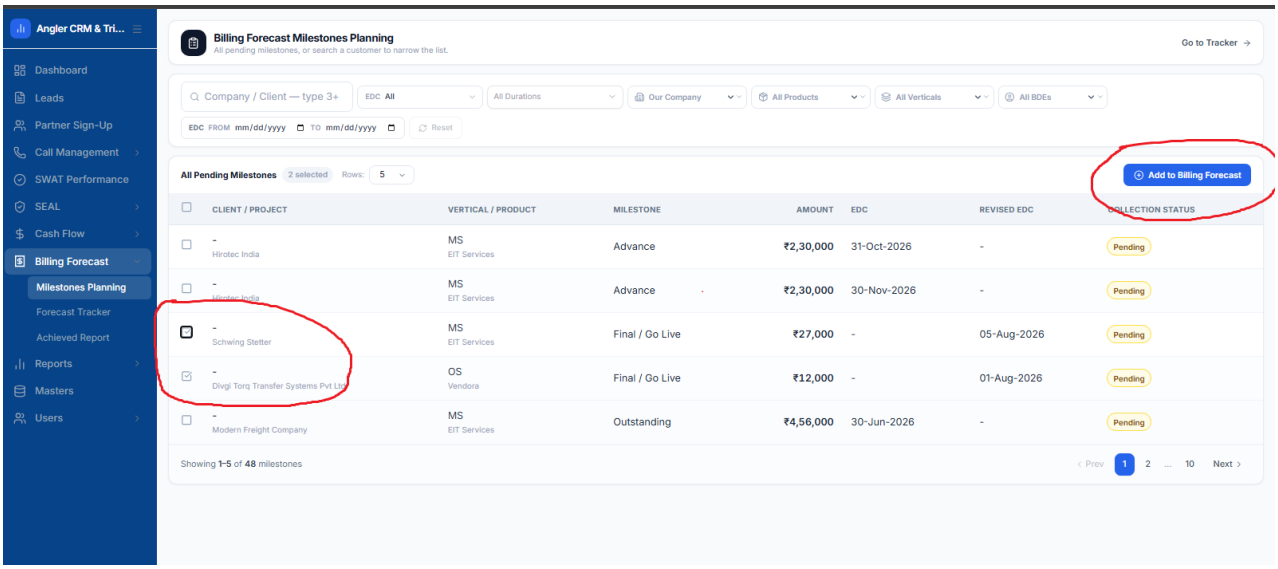

Use the Milestone Planning page to select the milestones that should be included in the Billing Forecast.

1	Navigate to Billing Forecast → Milestone Planning.
2	Review the available pending milestones before making a selection.
3	Select the required milestone(s).
4	Click Add to Billing Forecast to move the selected milestone(s) into the forecast tracker.

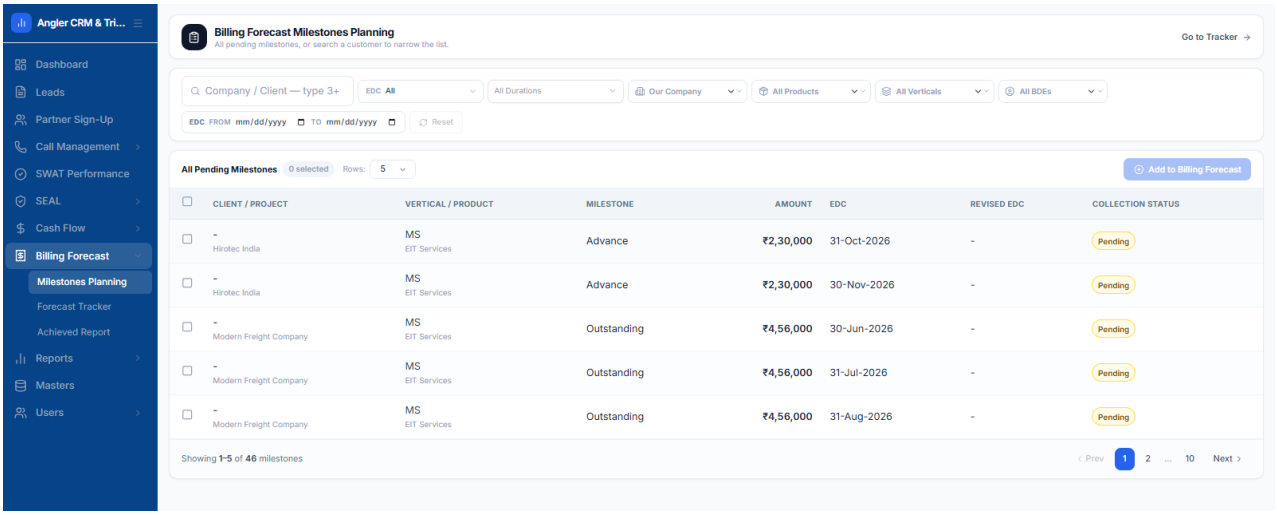

Step-by-Step Screens

Step 1 — Pending milestones before selection.

Step 2 — Select the required milestone(s), then click Add to Billing Forecast.

Step 3 — After the milestones are moved to the Billing Forecast workflow.

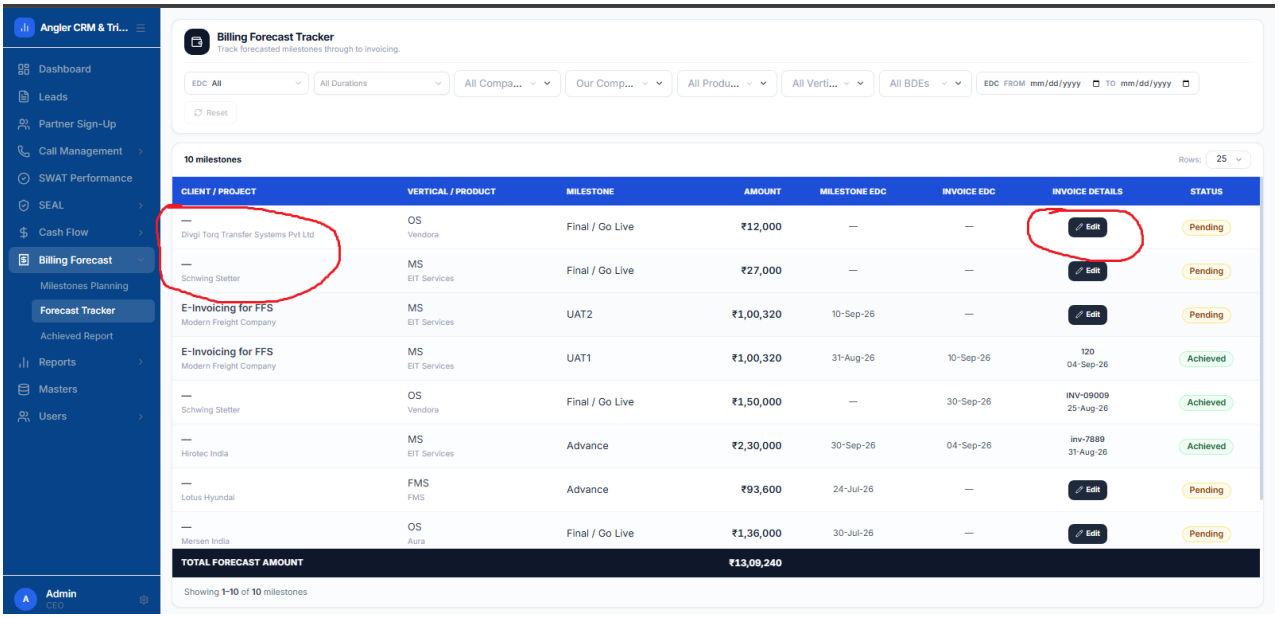

2. Forecast Tracker

After milestones are added to the Billing Forecast, use the Forecast Tracker to enter invoice-related details for the relevant milestone.

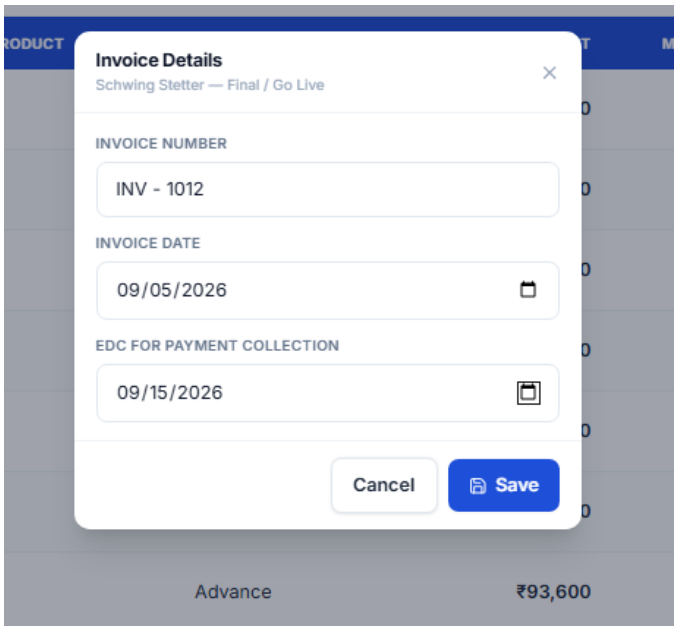

1	Navigate to Billing Forecast → Forecast Tracker.
2	Locate the required milestone in the tracker.
3	Click the Edit button for the milestone.
4	Enter the required invoice details and click Save.

Invoice Details

The Invoice Details form shown in the supplied guide contains fields for Invoice Number, Invoice Date, and EDC for Payment Collection.

Forecast Tracker — milestone list with the Edit action.

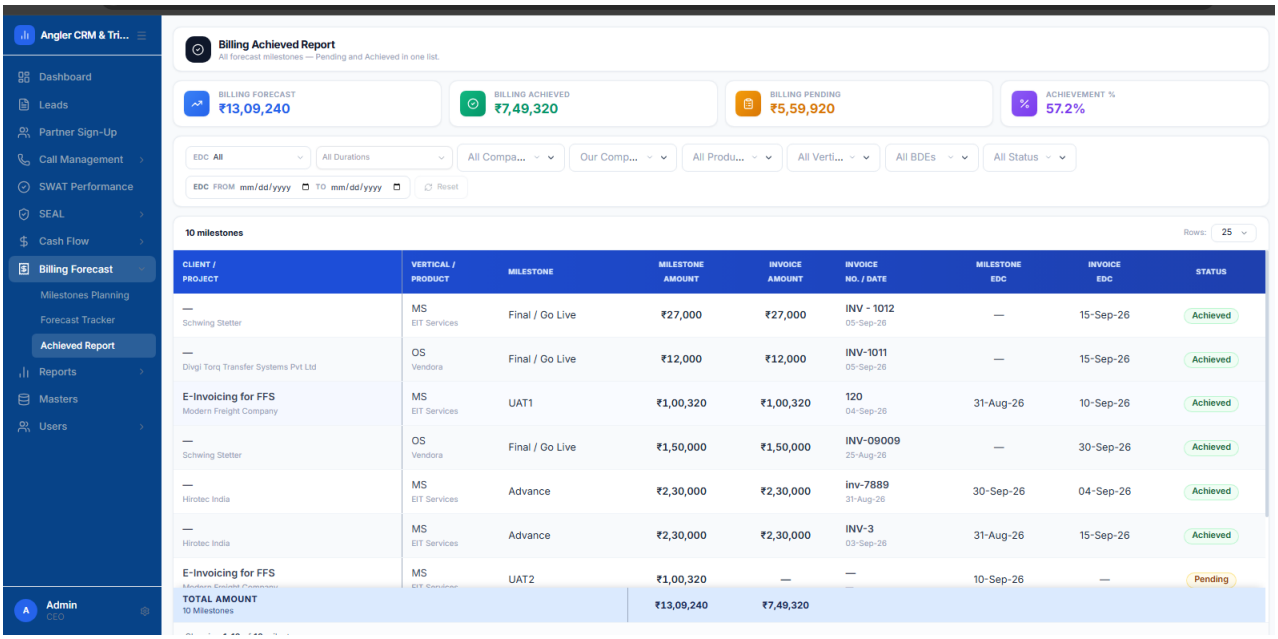

Invoice Details form — enter the invoice information and save the record.

3. Achieved Report

Use the Achieved Report page to review milestones that have been recorded as achieved after invoice details have been entered.

1	Navigate to Billing Forecast → Achieved Report.
2	Review the achieved milestone records displayed in the report.

Reference Screen

Achieved Report — example report view from the supplied user guidance.

End-to-End Workflow

Step 1	Milestone Planning
Step 2	Select milestone(s) and add them to Billing Forecast
Step 3	Open Forecast Tracker and click Edit
Step 4	Enter invoice details and Save
Step 5	Review records in Achieved Report
